EDUCATION

Vellore Institute of Technology, Bhopal

B.Tech, Computer Science and Engineering

May 2027

CGPA: 9.22

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Zustand
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication, MongoDB, Mongoose
- **Databases:** SQL, MySQL, MongoDB, Google Apps Script
- **AI/ML:** AI, Machine Learning, NLP, LLMs, Retrieval-Augmented Generation (RAG), Generative AI
- **Data Analytics:** Power BI, Data Analysis, Data Visualization, KPI Tracking, Business Intelligence

EXPERIENCE

ColorJet India Limited

Jun 2026

Intern, Management Information Systems

Noida, Uttar Pradesh

- Engineered a Supplier Procurement Analytics Dashboard using React.js, TypeScript, Tailwind CSS, and Vite to centralize procurement and supplier data.
- Implemented reusable frontend components, interactive filters, KPI views, supplier performance modules, and procurement analytics features.
- Examined 6,731 purchase records covering 358 suppliers and 2,832 items to identify purchasing trends and supplier-related insights.

Beginera Adventures Private Limited

Dec 2025

Intern, Data Analytics

Agra, Uttar Pradesh

- Analyzed 5,000+ sales records across sales, customer, and operational datasets using Excel and Power BI to identify business performance patterns.
- Evaluated sales performance through data cleaning, visualization, and KPI analysis across 5 Power BI dashboards.
- Consolidated insights from multiple business datasets into interactive dashboards and reports to support operational and commercial performance analysis.

Sai Nath University

May 2025

Research Intern, Artificial Intelligence & Educational Technology

Ranchi, Jharkhand

- Engineered 1 full-stack AI-powered Student Assistance Chatbot using LLMs, RAG, NLP, and Google Gemini API.
- Integrated 5 core technologies—React.js, Node.js, Express.js, MongoDB, and JWT authentication—into the application.
- Automated 2 query categories—academic and institutional inquiries—through conversational AI and knowledge-retrieval workflows.

GIFI – Take A Break

2024

Freelance Frontend Developer

Agra, Uttar Pradesh

- Crafted a responsive business website using HTML, CSS, and JavaScript based on brand and business requirements.
- Delivered a production-ready frontend experience focused on usability, responsive layouts, and brand presentation

PROJECTS

Campus Copilot / React, LLMs, RAG

student-ai-chatbot-1.onrender.com

- Deployed an AI-powered chatbot integrating LLMs and RAG to provide academic guidance and instant query resolution.
- Combined conversational AI with course and career recommendation features in a single full-stack application.

Discover the College / React, JavaScript, CSS

discover-the-college-i9b6.vercel.app

- Built a college discovery platform with 3 core capabilities: institution comparison, placement insights, and admission-chance evaluation.
- Optimized the interface with React and CSS for responsive display across desktop and mobile devices.

GradLink / React, JavaScript, LLMs

bucolic-piroshki-b3cb8a.netlify.app

- Collaborated in a 6-member team to engineer a web platform connecting students and alumni through mentorship and career guidance.
- Integrated 3 platform features – an AI chatbot, career roadmaps, and a centralized alumni database – to support networking and job referrals.

CERTIFICATIONS

- **IBM AI Engineering** – Coursera
- **MongoDB Database Administrator Path** – MongoDB

EXTRACURRICULAR ACTIVITIES

- **Unfold Foundation, Field Manager** – Managed real-world community engagement initiatives as part of a Social Responsibility Project. Coordinated field activities and stakeholder interactions to support project execution. Strengthened team coordination and event management through on-ground responsibilities.
